Call Meeting For Hamlin Football Players and Fans

A call meeting is authorized by the president of the Hamlin School Board of all the boys who are planning on coming out for football practice and all football fans to be held next Thursday evening at the Hamlin high school building at 7:00 o'clock. (August 11). Every one interested in participating in football practice and every one interested in boosting our football program for next fall is urged to be present.

Mr. Jimmie Marshall will report next Monday for coaching services and he desires to meet all football players next Monday. His plans are to remain in Hamlin for the purpose of giving the football boys plenty of preliminary training before school opens next month.

Measurements will be taken next Thursday evening for eighteen new suits.

With full cooperation Hamlin will have next season a football team that will be an outstanding credit to our town and our school. We have a well-qualified coach and we have plenty of capable, enthusiastic boys for the team. May we ask for your loyal support.

C. G. GREEN, Superintendent

Football Time!

Crashing its way into the headlines once again comes football, king of autumn sports. Local interest in the game will reach a peak during the next few weeks.

BASE BALL NEWS

A double header ball game played in the Hamlin park on Wednesday was thrilling all the way, McCauley winning over Hitson by a score of two and one, and Wise Chapel defeated Royston nine to nothing.

Last Saturday another double header was played to make up for games that had been rained out. Dope was upset, and both of the leading teams in the league were defeated, Hitson winning over Wise Chapel, score four and two. Royston beating McCauley by a score of six and seven.

This Saturday will see McCauley and Wise Chapel clash in the Hamlin park. And on Sunday Wise Chapel plays the Red Caps at McCauley.

The Red Caps have the play off cinched, winning five games and losing only one, and if Hitson beats Royston Wednesday and the Red Caps win over Wise Chapel Saturday, that will throw Hitson and Wise Chapel in a tie for second place then the two teams will have to battle it out to see who plays the Red Caps for the big money. Don't miss these games, folks, 'cause base ball is really warming up in the Hamlin Community League.

FUNERAL SERVICES HELD FOR MISS BEULAH TRUSS

Miss Beulah V. Truss died at the home of her sister, Mrs. R. E. Nail on the Hill farm north of Hamlin, Wednesday morning, July 27 at 11:15 o'clock.

Miss Truss was a native of Alabama and had made her home in the Hamlin community for the past three years. At the time of her death she was 70 years, 9 months and 16 days of age. Surviving are her sister, Mrs. Nail, a brother in California who was unable to come for the funeral, a niece, Mrs. Mary Cunningham, and a nephew, William Grubbs, of Fort Worth.

Funeral services were conducted Thursday afternoon at 4:00 o'clock at the First Baptist Church in Hamlin by the pastor, Rev. J. Henry Littleton.

Burial was made in East Cemetery under the direction of Barrow Undertaking Company.

Mr. and Mrs. Clarence Mallory who were returning from a vacation in Colorado, stopped here last week for a visit with Mrs. Mallory's mother, Mrs. Florence Morgan. Mr. Mallory has returned to their home in Jackson, Mississippi, and Mrs. Mallory remained for a longer visit.

Mr. and Mrs. Coy Fielder and little daughter, Phyllis Ann, spent last week visiting in Lamesa and Lubbock while Coy was on his vacation from the F. & M. Bank.

MRS. ALISSE CHAPTMAN, of

Dallas, Texas, well known Home Economist of the Ball Brothers Company will be in Hamlin August 8 and 9 at 2 P. M. at Bryant-Link Co., at which time she will give a free demonstration in the proper modern method of canning meats, fruits and vegetables in glass. Mrs. Chaptman is a graduate of East Central State Teachers' College in Oklahoma and was formerly connected with the extension department of Oklahoma A. & M. College. During her many years of experience she has specialized in the art of canning. Mrs. Chaptman has done extension work in the culinary department working with different clubs interested in the progress of better foods for home uses. This demonstration is being sponsored through the courtesy of Ball Brothers Company, who, for over fifty years, have been manufacturing the world's famous Mason jars for canning of fruits, meats and vegetables, under the U. S. Government approved methods of steam pressure, hot water bath and open kettle canning.

FORMER HAMLIN MAN DIED IN OKLAHOMA CITY

Below, the Herald reproduces a clipping from the Dallas News, of last Sunday.

"The body of Charles H. Meyers, 120 South Patton, employed as a foreman at a local dry cleaning plant, was found in an Oklahoma City hotel with a bullet wound in the head Friday night.

"A negro bellboy found the body, clad only in underwear. A pistol lay on the floor beside the bed. A verdict of 'death by a gunshot wound to the brain, evidently self-inflicted,' was returned by a coroner, the Associated Press reported.

"Oklahoma City police said Meyers registered at the hotel Thursday night as Claude Gray of Arkansas but said identification had been established by papers in his clothing and through communication with a sister, Mrs. P. A. Jackson of Hartsville, S. C."

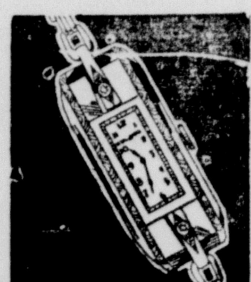

Charlie Meyers lived in Hamlin a long time, in the tailoring business, and in many ways had lots of admirable traits. Only a few weeks ago he was in Hamlin and most all who met him noticed a despondent look and attitude.

There are only two times in a man's life when he should not speculate . . . and that is when he is well and when he is sick. Don't speculate—bring your prescriptions to WAGGONERS DRUG STORE. "The Fussy Pill Rollers."

Railroad Man Retires After Long Years Of Successful Service

DR. HARP MOVES TO MERIDIAN, TEX.

This week Dr. Robert Harp and wife and son moved to Meridian, Texas, where the doctor purchased the interest of a doctor and surgeon.

This is a good family to leave Hamlin. They lived here but about six months and during this short time they made many friends in this community. Their Hamlin friends wish them happiness in their new home.

EARLY ATTORNEY IN HAMLIN DIED IN CORPUS CHRISTI

The Herald has a clipping from a newspaper telling of the sudden death of F. R. Alison at his home in Corpus Christi. He died suddenly. Inquiry in Hamlin reveals the fact that Mr. Alison was once prominent here as an attorney and a real estate dealer. His latest enterprise was the development of the new city of El Indio, Texas, at which place he had spent much time and gone over to Corpus Christi for a week end visit with his wife.

Mr. and Mrs. Charlie Boyd, of Dallas, stopped at the Herald office Monday while on their way home from a mountain vacation. Charlie was working at the Herald 24 years ago. He learned the printing trade here in the Herald, married a Stamford girl, has one 19 year old son and three adopted boys. Charlie has held some fine jobs in the largest printing plants of the South. He now holds a big place on the Dallas News. He was delighted to see his "dear old Herald" still going and in a new modern home. Mr. Boyd is a son of "Byjo" Boyd, formerly of Hamlin, now of Albany.

Mrs. Tom Neely, who had a major operation in the Hendrick Memorial Hospital at Abilene Tuesday of this week, is reported to have stood the operation well and is recovering nicely.

Miss Elsie Wienke is spending a two weeks vacation in Mineral Wells.

Mr. and Mrs. Slmer Feagan and sons are visiting relatives in Del Rio this week.

Mrs. Cora Rodgers, of Breckenridge, is spending the week end at the home of her nephew, G. D. Raney and family.

Miss Rosa Beth Shankle, of Wichita Falls, is a guest of Miss Twila Ruth Smith this week.

Mr. and Mrs. F. D. Wells and daughters, Misses Virginia and Patsy, visited Mrs. Wells' brother, Ben R. Gill, in San Antonio from Thursday till Sunday.

Mr. and Mrs. George Droke, of San Antonio, came last week end to visit relatives, and to accompany home their son who had been visiting for several weeks on the T. B. Cooper ranch.

Miss Eula Mae Marshall and Mr. Joe Hudspeth visited Mr. and Mrs. Jack Richey in Abilene Sunday.

Mr. and Mrs. J. D. Raney and son, Jimmy Curt, and Mr. and Mrs. Homer Raney returned from a vacation trip to Galveston and Houston.

Burt Whaley Jr. left Sunday for Port Arthur where he will take a radio course in the Port Arthur Commercial College.

Miss Florine Morgan has returned home from a six weeks visit in Fort Worth. She was accompanied home by Miss Jean Comer, of Haskell, who was her guest for several days.

Herewith is a sketch of Walter L. Cash, a railroad man who has made his home in Hamlin almost constantly for thirty years, or more.

Recently Mr. Cash retired from active service. His home has been at Christoval since 1930, but as his days of Santa Fe-ing are over he is back in his good old Hamlin, where most of his property is and where his many friends welcome him and his good wife during the "evening" of their lives.

Walter L. Cash is really a "goober grabber," meaning by that he was born in the old state of Georgia, way down South where the goobers and taters grow. That was away back on January 22, 1872, in the city of Atlanta. At the age of four years he came with his parents to Dublin, Texas, down in old Erath County. That was in 1876, the year the present Texas Constitution was adopted. After a time Walter was married to Miss Mattie Green and later moved to Brown County, 1897. About this time he began to work on the rail tracks as a section laborer, and it was not till 1901 that he was promoted to foreman and moved to Kempner, Texas, down on the Santa Fe. He remained at Kempner till September 1905, and then moved to Sweetwater and took a place with the Old Orient road as construction foreman. He continued at this job till February 7, 1906 when he was appointed section foreman and moved to Hamlin, at which place he continued till the line was completed through Christoval, and when the foremanship opened up there, the call of plenty of water, lots of shade and big fish was too much for an Irishman, so Hamlin lost a good citizen. And there Mr. Cash remained till July first of this year 1938, and the call of the old friends' hand-shake and smile was too much, and here he is in Hamlin, basking in the atmosphere that is so dear to him. He and his wife, are now enjoying fine health and a reasonable plenty, and there is a great satisfaction in his mind that back yonder he kept the lines open and progress going.

Mr. Cash in prominent in the church and Masonic circles.

BURT DEAN THANKS VOTERS

I sincerely thank each and every voter for the splendid support given me in the Primary election of July 23rd. The official tabulation shows that I was defeated by only seventeen votes, and I therefore realize that my friends have been most loyal.

In my campaign for Tax Assessor-Collector it was a real pleasure to meet and mingle with you and I feel that the time spent has not been a loss.

Respectfully,
BURT DEAN.

Mrs. Frank Page and little son, Carter, of Ralls, visited with Mr. and Mrs. Henry Albritton this week.

Mr. and Mrs. C. E. Kirkham, of Baytown, Texas, came up Wednesday to visit their sister, Mrs. Joe A. Simpson and family, and their brother, Lott Shell.

GETTING ON THE BAND

WAGON WITH W. LEE O'

One of the most disgusting features of the August "run-off" primary is the way some of the candidates are jumping on the W. Lee O' Band Wagon. Boys why go to all that trouble, don't you know the people of Texas expect you to co-operate with ALL departments of state government if you are chosen for the office you seek? The Governor's department is only one of the

three main divisions of state government, and why single out one and snuggle under the popular nominee? Fellows, run on your own or quit.

CHEERING UP THE EDITOR

Ever since one day last week, the Herald man has been puzzled about why a lot of fine fresh roasting ears and a big watermelon were left on the front entrance of our home. It looked like somebody was trying to play an old trick of cheering one

after a big contest . . . thanks a lot ole Top, whoever you are. The corn was fine and the melon was juicy. Things like that do help a bit. And here's telling "somebody" we thank you. But did you make a mistake? Maybe we got someone else's treat.

LATER: Now the puzzle is all solved. We found out OK, and it was OK for when a fellow remembers an editor like Charlie Bryson did it's best to tell on him. Folks, you see Charlie has a big lot of land up near the only oil well Stonewall County has, and Charlie went up to inspect last week and low, and behold he located lots of good things to eat, and remembered us with a big sample. That's fine Charlie, hope the oil will boil out over some of your land, but do watch out for the corn and the melons.

OVER JONES COUNTY

By G. D. TRIPLETT
Sec. Anson Chamber of Commerce

The following is the county committee for Jones County in the West Texas Chamber of Commerce Soil and Water Utilization Contest: Omar Burleson, Anson; Mrs. L. I. Bennett, Stamford; W. E. Benson, Hamlin; G. D. Triplett, Anson; H. H. Anderson, Lueders; the Rev. Hugo B. Haterius, Avoca; M. B. Templeton, Tate May, J. W. Ezell, Tom Teague, and F. L. Wood, all of Hamlin; George Smith of Stamford, C. M. Francis of Stamford, J. J. Steele, P. C. Wylie and Floyd Lynch of Anson.

The entry blank for the contest for the count was sent in to the WTCC headquarters at Abilene some time ago.

Stressing an agricultural program for the coming year the new officials of the Anson Chamber of Commerce have appointed the following committee on agriculture for the coming year: Knox Pittard, chairman; Floyd Lynch, J. J. Steele and Murray Hudson.

The new president of the chamber of commerce at Anson is Murray Hudson and the following are the new directors: Marvin Sosebee, J. W. Purifoy, J. H. Warren, G. C. Bonner, George O. Harrell and Burl Scott. Mr. Scott was the retiring president of the organization for the past year.

Farmers in the southwest part of the county are complaining of damage to their cotton by boll weevils, but expect hot sunshine to keep down the damage.

Cotton flea hoppers, too, are damaging the cotton in parts of the county. County Agent Floyd Lynch counted thirty-six of the insects on 100 terminal buds on the W. D. Baker farm east of Anson. An infestation of as many as sixteen to 100 terminal buds will justify an application of sulphur.

Points and Personalities

by doris pope

The most general excitement this week has been the donkey base ball games sponsored by the Lions. It's hard to tell whether the town or the Lions members are getting the most fun out of it. Besides bringing the "natural athletes" to the front, it seems to be rousing the artistic nature of the boys, judging by some of the portraits around town. Be sure to note the names of the mules—they're very appropriately assigned to the players. In the game at Anson Monday night, "Sluggo" Ted Russell made the only score, so the Hamlin fans are counting on him—maybe the man just forgot to tell the mule to pitch.

Saw Mail Carrier Ira Clements out riding a bicycle this week, with son, Joe, riding the handle-bars. Ira is so spry on a wheel that he's stiff competition for the youngsters.

It seems that Myrtle Cohorn is trying to find the matrimonial bug up at the Arjee Jones' place by moving into the room that has recently been vacated by two young ladies by way of the altar. The third time is a charm, so we are wondering just what kind of luck she is going to have.

"Uncle" Jerry Waggoner, ex-mayor, pioneer, and senior pill roller of Hamlin, had a nice, friendly chat with a state highway patrolman one night this week and ended up by saying "Thank you" when the patrolman handed him a ticket. Says "Uncle" Jerry now, "Be sure you've got head-lights and a tail light."

Postmaster Harold Bonner almost caused a national disaster when he put the flag up over the Post Office upside down, and stopped the army over at Abilene. People all over the country called in to find out what the danger signal was for.

If you have heard as many versions of "My Country 'Tis of Thee" played on as many different instruments by the kids on your street this week, you will agree that Bandmaster Collum is getting results. Those kids are doing their part for our town, but they need your backing. Get behind them, encourage them and Hamlin will have a band what is a band.

Roy Gilbreath, lumberman and school board member, hasn't been shaking hands this week because of bruised wrists. It seems that Roy was playing with a pair of toy handcuffs the other night and "accidentally" locked himself up, and it took an hour of struggling in the August heat to release him. He still doesn't know how the things work, but he

It is being said that the reason so many Heralds were lost or misplaced before they got "home" last week was some hint that was made in this column. Sorry, boys!

The best way to escape the heat is to listen to some of the tall tales that Otto Berlin has been spinning around town. They would take anybody's mind off the weather.

Some of the young ladies who have been puzzled as to where and how "Percy" finds out certain things had better be sure they know before they accuse somebody falsely . . . you know there's a law agin it!

After making great plans and preparations for a young lady from a neighboring city to be a dinner guest in his home, after getting his family all ready—seeing that pop's pants were pressed and little sis knew what to say and everything, imagine the amazement, disappointment, disconsolation and heart-ache of that well known young Irish base ball player when he went after "his

girl," only to discover that she had walked up the center aisle with another guy three days before.

BY REPORTER OF KINGS DAUGHTERS

If you are interested in helping others, you will be more interesting yourself.

Life is like seed wheat; worthless if hardened, worth while if sown in service.

Jesus' philosophy of life is that whosoever would find himself at the top must be willing to lose himself at the bottom.

Little kindnesses bring great rewards.

Without water men perish. Without friendship and courtesy life is a desert.

When Jesus preached and taught there was no need of a brass band to draw the crowds.

CHAMBER OF COMMERCE NEWS

SECRETARY ATTENDED

CHAMBER OF COMMERCE CLINIC

The above school for Chamber of Commerce executives and secretaries was held in Dallas, July 18-22, inclusive. It was a delightful privilege that the secretary was enabled to attend this school. On the program daily were men who were well fitted to discuss the subjects assigned. Subjects discussed are as follows: "Chamber of Commerce Clinic," "Utilization of Texas Raw Products," "The New Industrial Program," "Tourism," "Rack-ets," "Chamber of Commerce Organization," "Interorganization Relations," "Farm Security Administration," "Co-operative Marketing," "The New Wage and Hour Law," "The Tax Trends as They Affect Individual Developments."

We have memorized copies of most of above subjects at the office for any one who may be interested. There were in attendance approximately 150 Chamber of Commerce executives and secretaries, representing four other states besides Texas. Of course the largest number were from Texas.

COMMUNITY BASE BALL

There remains yet four more games on this program which was started May 7 with four teams, namely, Wise Chapel, Hitson, Royston and McCaulley. A total of 14 games have been played to Wednesday of this week. Commencing last week the teams are playing two games per week and the schedule will be played out Saturday, August 13, which will mean a total of 18 games. Then the two highest teams will have a play off for the grand prize which will be \$100,000, \$75.00 going to the winner and \$25.00 to the loser. The boys report good attendance at these games which are gate free. Some have said they have benefited by the program; others say they have not benefited. At least it can be said that we are building up "Good-Will" in each of the above four communities and will probably profit later in the year.

HIGHWAY INFORMATION

Hamlin is co-operating in every way possible with our neighboring communities to secure a completed system of highways. This week work is starting on the Hamlin-Rotan highway, which is a continuation of the Hamlin-Stanford road. All the right-of-way has been secured or will be in hand by the time it is needed. Work is starting at the Hitson cross roads. This outlet for the communities in Fisher County will be greatly appreciated by them as well as by Hamlin.

Monday, Hamlin Chamber of Commerce was represented in a highway meeting in San Antonio, before the Commission in the interest of getting the final designation of the Hamlin-Sweetwater highway built. Commissioner John C. Turner and Editor Bowen Pope, represented Hamlin and the Jones County end of the Road. They were joined by Hon. Howard Davison of Rotan, Commissioner R. L. Miers of McCaulley and Commissioner J. P. Everheart of Sylvester for Fisher County, and Secretary George Barber of the Sweetwater Board of Development. Every indication points to an early settlement of this much needed road along the Santa Fe from Hamlin to McCaulley, to Sylvester, to Longworth and on to intersect highway No. 70 somewhere west of Longworth, and on into Sweetwater.

In this connection we might say that the state and federal engineers have agreed on the route out of Hamlin and we may expect surveyors locating the right-of-way in a few days. This is started as a Farm-to-Market project and the Jones County part, about two-and-one-half miles to the Fisher County line, has ample federal funds to put up a real first class road. The federal and state engineers are not recommending or building any more dangerous, make-shift roads. All right-of-way must be 100 feet or more, clear of obstructions, free of dark corners, and railroad crossings, as possible.

DID YOU KNOW

THAT the Hamlin post office receipts were the second largest in Jones County.

THAT the receipts from the Hamlin post office ending for the quarter June 30, were the largest in the history of the office.

THAT the receipts from the post office for the six months ending June 30, 1938 were the largest for any six months period in the history

of the office.

THAT the Hamlin Hatchery is the largest of its kind in the state, and that the business from the hatchery through the post office is one of its largest customers, yet the hatchery spent \$1,000.00 less for advertising this season than they did last season, but the post office picked up enough extra business to overcome this reduction.

W. E. BENSON, Secretary.

MCCAULEY MATTERS

By JOHN P. HARDESTY

Weddings hold the spot light this week. First is the marriage of Miss Emma Hopkins, daughter of Mrs. Alice Hopkins, to Buland Poindexter of near Clyde, which took place last Wednesday morning, July 27, at the home of Rev. Roy Hennington, long time friend and neighbor of the bride, he performing the ceremony. Miss Emma was reared in McCaulley and numbers her friends by her acquaintances. Mr. Poindexter is a prosperous farmer in his community. Immediately after the rites the couple motored to their farm home. The best wishes of their friends are for every happiness and usefulness to be theirs.

The second marriage of the week was that of Miss Kenna Rector to Leldon Clifton. A detailed account of this, written by Miss Vera Tate, follows.

MISS KENNA RECTOR AND LEDDON CLIFTON RECITE VOWS

One of the most beautiful weddings of the season took place just at dusk Saturday in the First Baptist Church when Miss Kenna Rector became the bride of Leldon Clifton, of Winters.

Mrs. Clifton, the daughter of Mr. and Mrs. F. L. Rector of this city, was attired in a peach, silk marquisette gown paneled with chantilly lace. Her accessories were of aqua blue, the picture hat and gloves being of lace. The bride carried a shower bouquet of tulle roses and lilies of the valley.

Her attendants wore mousseline de soie dresses with harmonizing lace picture hats, and carried colonial bouquets.

Mrs. Dalton Caffey, of Abilene, was matron of honor, and Misses Vera Tate, of Lubbock, and Elva Lee Jones, of Eastland, were bridesmaids. L. C. Houghton and Louis Earl Madden of McCaulley, were ushers.

The church, in which the bride has been active since childhood, was decorated with ferns, gladiolus and other cut flowers. The altar was decked with greenery interspersed with azaleas and shasta daisies. Cathedral candles adorned the altar. Mrs. Turner Beard, of Hamlin, sang the pre-nuptial solo, "From All the World I've Chosen You," accompanied by Mrs. Luther Rector, of McCaulley. At the sound of the traditional Lohengrin's wedding march the bridal party entered. The bride entered on the arm of her father and was met at the flower-banked altar by the groom, whose best man was Dalton Caffey, of Abilene. The Rev. John P. Hardesty, pastor of the First Baptist Church, read the impressive ring ceremony

as Mrs. Rector softly played, "I Love You Truly." Mendelssohn's wedding march was played for the recessional.

Following the wedding an informal reception was held at the home of the bride's parents, Mr. and Mrs. F. L. Rector. The table was laid in lace and centered with a basket of pink and white perennial phlox. The tiered wedding cake was presided over by Miss Vera Tate. Punch was poured by Mrs. Caffey and Miss Elva Lee Jones. About fifty guests attended the reception.

Mrs. Clifton is a graduate of the Hamlin High School and of Hardin-Simmons University. She has been teaching in the McCaulley public school for the past five years.

Mr. Clifton, son of Mr. and Mrs. O. C. Clifton, of Winters, is a graduate of Ballenger High School and of Hardin-Simmons University. He is superintendent of the Stith public school.

Mr. and Mrs. Clifton will leave on their wedding trip to California within a few days.

The next happy event of this kind will take place Sunday evening, August 21, when Miss Ora Stephenson will become the bride of Mr. Caruth of Austin. The wedding will be solemnized in the First Baptist church at 6 o'clock. The public is invited to attend as guests. Miss Ora is another of our own girls. Reared and educated in the local school and Hardin-Simmons University, she is the daughter of Mrs. W. H. Stephenson, and a sister of Prof. W. A. Stephenson of Hardin-Simmons. For several years she has been on the faculty of Port Arthur High School. Mr. Caruth is an attorney, and is connected with the State Liquor Control Board. Monday afternoon a pre-nuptial tea was given the bride elect at the home of Mrs. S. E. Miers with Mmes. R. L. Miers, N. D. Miers and Geo. Darden as hostesses. Some forty guests registered and many useful and valuable gifts were presented Miss Ora.

The revival meeting now in progress sponsored by the local Baptist church, is being well attended. Rev. C. E. Dick, Ovalo, a former pastor here, is doing the preaching. The music is in charge of D. L. Smith, choir director, and Mrs. W. F. Davison and Bill Milsap, pianists. Services are held twice daily, at 10 A. M. and 8:30 P. M. in the tabernacle.

The W. C. Kean family, who have been visiting in East Texas for two weeks, returned home Thursday.

The revival meeting held last week at Swedonia by the writer, assisted by D. L. Smith and Miss Bill Milsap, resulted in four public professions and a deepening of the spiritual life of the many who attended the services. Rainy weather

cut the number of services to six but the Lord rewarded the efforts of His servants who persisted in doing their best under such weather handicaps. PAIN
Get rid of it

When functional pains of menstruation are severe, take CARDUI. If it doesn't benefit you, consult a physician. Don't neglect such pains. They depress the tone of the nerves, cause sleeplessness, loss of appetite, wear out your resistance. Get a bottle of Cardui and see whether it will help you, as thousands of women have said it helped them.

Besides easing certain pains, Cardui aids in building up the whole system by helping women to get more strength from their food.

Rev. and Mrs. C. C. Scott and little daughter, Nita Gene, and the twin boys, Roe and Rue, of Elgin, Okla., came down last week for a visit with Mrs. Scott's parents, Mr. and Mrs. W. E. Mizell, of Tuxedo.
